Overview:

Telangana is one of the world’s most investment-friendly destinations. It is very well known destination for IT/ITES, Pharma, Bulk Drug, Bio-Tech, Healthcare, Aerospace & Defence, Real Estate & Infra, Start-ups, Engineering and Capital Goods etc.

In IT/ITES, with a worth of over 1.09 Lakh crores exports, a growth rate of 16.9 per cent, Telangana is the most happening state. Through TS-iPASS, a revolutionary act for speedy processing of applications to setup industries, Telangana received more than Rs 1.73 lakh crore investments in the past five years provided employment to over 13.02 lakh persons. Hyderabad is also the Pharma hub, bulk drug and vaccine capital of the country. In the Aerospace & Defence sector, Telangana is home of several research organizations and large scale private industries and more than 1,000 MSMEs operate from the city in Defence sector and does exports to foreign nations. Besides this, there are several sector specific industrial parks and incubations centres for start-ups.

Objectives:

To create a platform for B2G Interactions and explore New Investment Opportunities.

To showcase Products & Services of Telangana to Telanganites and to the world.

To build new partnerships and Joint venture for state of Telangana.

To enrich the connect between Industry and Academia.

To create a platform for getting Visionaries & thought leaders across the world to catalyse growth and innovation.
